

# SHIVENDER KUMAR PATEL

C-94/B Part-1 Street No.3 Sangam Vihar New Delhi - 110080 | 9891281990 | arnavpatel1998@gmail.com

Experienced Game Tester with more than one year of hands-on experience in game testing, proficient in Java, automation testing, SQL, and skilled in using TestRail, Monday.com, Test Link, and JIRA for efficient project management. Seeking to leverage my expertise to contribute to a dynamic game development team's success.

---

## EDUCATION

- BTech in Computer Science  
[KCC Institute of Technology and Management – APJ Abdul Kalam Technical University] – [September 2021]

## PROFESSIONAL EXPERIENCE:

Quality Assurance Tester (Game Tester (FQA)) | [Keywords Studios]  
[Gurgaon, Haryana] – 17 May 2022 to Present

- Conducted comprehensive manual testing on diverse game components to ensure functionality, performance, and adherence to design specifications.
- Utilized TestRail, Monday.com, Test Link, and JIRA to manage test cases, track progress, collaborate with cross-functional teams, and streamline project management.
- Collaborated closely with developers, designers, and QA team members to identify, document, and prioritize defects.
- Designed, executed, and maintained extensive test plans and test cases for new game features, updates, and patches.
- Leveraged Java and automation testing techniques to create automated test scripts using Selenium for efficient regression testing.
- Performed database validation using SQL queries to ensure data integrity, accuracy, and consistency for in-game mechanics.
- Contributed detailed defect reports and testing progress updates, facilitating seamless issue resolution and communication.
- Played a pivotal role in successful release testing for new game updates, ensuring a high-quality player experience.

---

## TECHNICAL SKILLS

- Manual Testing: Proficient in various testing methodologies, including functionality, regression, integration, and user acceptance testing.
- Programming Languages: Strong knowledge of Java for writing test scripts and automation tasks.
- Test Automation: Developed and executed automated test scripts using Selenium for efficient regression testing.
- Database: Skilled in SQL queries to validate data integrity and accuracy in database-driven applications.
- Project Management: Experienced in using TestRail, Monday.com, Test Link, and JIRA for efficient test case management and project tracking.

---

## PROJECTS

Automated Regression Testing Framework | [Keywords Studios]

- Led the development of an automated regression testing framework using Selenium and Java, resulting in a 25% reduction in testing time.
  - Created reusable test scripts for core game mechanics, enhancing the efficiency and coverage of regression testing.
-

### **In-Game Item Verification and SQL Validation | [Keywords Studios]**

- Ensured the accuracy of in-game items and attributes by developing and executing SQL queries to validate their properties.
- Detected and rectified discrepancies, contributing to a consistent and engaging gameplay experience.

### **List of Projects that I have worked in this company: -**

1. **Injustice 2 Mobile**
  2. **Mortal Kombat Mobile**
  3. **True Play Mobile**
  4. **Netflix Mobile Games**
  5. **Dragon Ball Z**
  6. **Digimon Survive**
- 

## **CERTIFICATIONS**

- Manual Testing Certification | [QSpider] | [2022]
  - Java Programming Certification | [CETPA] | [July 2018]
  - SQL Database Certification | [QSpider] | [2022]
  - Automation Testing Certification | [QSpider] | [2022]
  - Android Studios App Developing Certification | [CETPA] | [July 2018]
  - Keywords Studios Testing Certification | [Keywords Studios] | [June 2022]
  - Autodesk Certification | [Autodesk] | [February 2018]
